We need more active parents and families participating in these events, including help with costs and preparations! The required 10 hours of annual participation per student as described in this year’s Student Handbook can be easily met with active participation in at least three school events.

5. Recruitment remains an important priority. Although numbers have built up, enrollment is alarmingly low. Regarding the screening and interviewing of potential students, the group agreed such a move represents a welcome direction though its immediate application seems unrealistic and will instead be implemented through the first semester. Some of the suggested requirements include: essays or prompt paragraph responses – (including a parent essay), and an interview process requiring the participation of both the prospective student and a parent or guardian.

Regarding volunteer requirements, the group suggested a requirement of either 10 hours and/or participation in at least three school events.

6. Regarding attendance issues, group elected to maintain current attendance policy as stated in handbook, with increased enforcement.

Regarding academic issues, group suggested a uniform homework policy – with half-credit for late work, and a limited opportunity of no more than 2 days after assigned due date for credit.

Our next PTC meeting is scheduled for Thursday, November 19, at 4:00, in the Global Youth staff lounge.

See you then.
